Click here to enter text.

Annex 1- Explanation of areas of Best or Good practice in Evaluation¹

(Note: use the footnote for more detailed information)

I. Model National Evaluation Policy-MNEP²

I.1. Enabling environment

- ❖ *Allocation of public resources* that were used effectively and efficiently. Public or private sector companies allocate own resources for evaluation as the decision making process can be improved;
- ❖ *Systems approach to improve evaluation capacity development* at policy, legal, institutional and individual levels as the policy execution process can be strengthened.

I.2 Knowledge management

- ❖ Information system established
- ❖ Evaluation Tools and procedures established and implemented
- ❖ Evaluation Process of implementation standardized

I.3 Promotion of evaluation usage

- ❖ Parliament involvement in Evaluation ³
- ❖ National evaluation policies mapped⁴
- ❖ State institution used M&E for policy decision making process

II. Voluntary Organizations for Professional Evaluations in particular, have stronger institutional capacities

II.1 Policy dialogue investments with members of parliament or Governmental Institutions⁵

II.2 Building up a central independent evaluation capacity within association⁶ (*Building capacity through projects, advocacy for M&E, raising funds for M&E*)

II.3 Ability to communicate directly with the public using all elements of the media on the findings the independent evaluations

III. Individual evaluators have the capability to produce good quality

III.1 Competence Certification and Professional Accountability⁷

III.2 Access to opportunities to work, shadow or research in different context and evaluation practice areas

III.3 Capacity building in the use of data and improved access to data
